

For a lot of people, the biggest question about God isnt, surprisingly enough, whether he exists. Instead, its about whether God is truly good. Dinesh DSouza, in his debates with leading atheists, quickly realized that many of his debates would revolve around the question of evil in this world and how God could create a world that allowed such suffering and evil. In Godforsaken, Dinesh DSouza takes these questions head-on. Does God act like a tyrant? Is God really responsible for the evil in this world? Why is there suffering in the world? For the first time ever, Dinesh DSouza approaches this topic with historical and scientific proofs and presents to the reader why God is truly worthy of our worship and love.
