

In this book, In His Name, the author brings the highest language that she knows. The highest practice is the science of Intelligence wherein that which is, is known to be all there is, and that which is not is known to be nothing. As the science of the mentality, called the art of right thinking, is above and beyond the science of the body, called physiology, so the science of Intelligence is above and beyond the science of mind, or right thinking, and this book is written in His nameâ€”the name of Truthâ€”that immortals may drink with me of the river of the water of Life. Truth establishes you and holds you forever what you are. Rise, then, in your own name, which is His name, for there is none other name whereby you shall know emancipation. In His Name, the name of Truth, behold yourself as you are, perceive Truth as Truth is. Then will you find yourself in the land of peace and wholeness and in the world of joy and delight. â€”Lillian DeWaters
