

Raise your Child s IQ & EQ with this book. - This book is filled with wonderfully illustrated color pictures. - Brain games for kids and parents to play that are both fun and educational. - Enjoying these absorbing games will help your child to develop the IQ (Intelligence Quotient), EQ (Emotional Intelligence), confidence and stamina. If your child loves fun games and puzzles, your child will fall in love with this childrens smart games collection. A childs brain growth comes from experience and the exercise the brain receives. Think, sight, sound, touch, taste and smell stimulate the brains cell connections (called synapses) and create trillions more. The more complex these interconnections, the smarter your child will be. When you provide your child with early stimulation and a wide range of experiences, you can accelerate his brain development. This book is a great collection of cool puzzle games and brain games for kids and parents to play that are both fun and educational. These clever games & puzzles to stretch your child mind and tease their brain. Teachers, parents and kids will all enjoy the games that are school-safe. When your child plays games, they are creating the foundation for their intellectual and emotional skills. More importantly, the child learns these while they play. Learning and having fun at the same time is the best way for your child to learn. This book will develop both sides of their brain (the left side functions for reasoning, logic and language, while the right side features creativity and the arts.) Enjoying these absorbing games will help your child to develop the IQ (Intelligence Quotient), EQ (Emotional Intelligence), confidence and stamina.
