

A behind-the-scenes analysis of 21 essential leadership principles from the life of Billy Graham. Billy Graham looms large as one of the twentieth century's most influential and innovative leaders. Most people are unaware of his remarkable effectiveness as not only preacher and pastor, but as a CEO and a global leader as well. The Leadership Secrets of Billy Graham is full of transferable applications for leaders in the church, parachurch, academia, government, and business. Lively interviews with his closest associates illustrate 21 principles that have driven six decades of visionary impact. First-hand accounts reveal stories of courageous leadership and growth through painful lessons. Graham's relentless application of core beliefs and leadership principles have resulted in, among many honors, being listed in Gallups ten most admired men thirty times, more than anyone else. Time magazine named him one of the top ten leaders of the twentieth century. This book asks: How did this happen? What are the essentials he embraced to achieve such extraordinary results? What can we learn from him and apply to our own leadership roles? This book is dedicated to those readers who sense the pressing need in today's world for inspired leadership. Who rise to leadership's high calling and are willing to carry its weight. Who are determined to deepen and expand their capacities and effectiveness.
